Unlimited minutes and SMS allowances where applicable are subject to a fair usage allowance of 45,000 minutes and 10,000 SMS. Minutes and SMS apply to usage within the Republic of Ireland and EEA zone countries. Roaming allowances are subject to fair usage limits. Excludes Premium, International and roaming outside of the EEA zone.

\*The fair usage threshold in relation to data usage for Go More is 120GB. Should your data usage exceed 120GB in a billing cycle and GoMo considers that other users are likely to be adversely affected; we reserve the right to limit the data Service. GoMo continuously monitors network performance to ensure that the service received by the Customer is not impacted through a minority of users placing high demand on network resources (e.g. large bandwidths over long periods).

Data allowances if available at the time of roaming can be used while roaming in the EEA subject to fair use limits where applicable. EU roaming fair use allowance is calculated in line with Regulation (EU) No 531/2012 (as amended) and Data wholesale roaming price caps. Where the domestic data allowance has not been fully consumed but the fair use allowance has been fully consumed, a surcharge rate of €3.63 per GB/€0.0035 per MB (based on Regulated rate of €3.00 per GB excl. VAT) will apply until the domestic allowance has been fully consumed. Standard domestic rates apply thereafter

All prices include VAT.
